LIQUID BIOCELL® PET

PRODUCT DESCRIPTION:

Liquid BioCell Pet is a cutting-edge, joint health solution that delivers beneficial collagen, hyaluronic acid and chondroitin sulfate to support active and senior dogs and cats.

PRODUCT BENEFITS:

- Promotes healthy, flexible joints, tendons, ligaments & muscles
- Supports joint mobility & lubrication
- Promotes healthy cartilage & connective tissue
- Maintains healthy skin & a shiny coat
- Great-tasting natural flavor

POSITIONING STATEMENT:

Shouldn't your furry family members enjoy the benefits of Liquid BioCell too? Exclusively formulated with Collagen/HA Matrix® Technology, Liquid BioCell® Pet is especially designed to support mobility and joint health. The advanced liquid delivery system helps to maintain the structure, function and flexibility of your pets' healthy joints, muscles and connective tissues.

Support daily exercise or active lifestyles while promoting healthy skin and a shiny coat, and add more life to their years with our unique formula.

DIRECTIONS/USAGE:

As a supplement for dogs and cats for healthy hips, joints, skin, and a shiny coat. Feed directly, with food or favorite treats.

Store in a cool, dry place away from sunlight. Keep lid tightly closed and keep out of reach of children. Do not use if the safety seal is broken. Refrigerate after opening.

KEY INGREDIENTS:

- *Liquid BioCell®*

INGREDIENT LIST:

Purified water, hydrolyzed chicken collagen (from chicken sternum cartilage), citric acid, natural flavor, potassium sorbate.
